

# COMMUNITY BUILDING AND ENGAGEMENT

## COMMUNITY EVENTS

We facilitate on-going volunteer activities and community events such as, neighborhood cleanups, community resource day, community block parties, table community events, national night-outs, multi-family crime free activities (crime watch program) health fairs as well as participation in other community events. We also participate in neighborhood initiatives such as “Love Your Block” which promotes community involved neighborhood beautification.

## NORTH RICHMOND MITIGATION

We perform outreach and education in the North Richmond Mitigation area. CB&E serves as the contact for community members interested in claiming Disposal Vouchers or Bulky-item Pick-ups. We also assist community members interested in reporting illegal dumping and seeking referral/resources to reduce blight.

## SENIOR CENTER

We work hard to keep our Seniors active and providing programs and opportunities to stay vibrant. Our goal is to keep our seniors away from becoming the victim of loneliness & depression as senior isolation negatively impacts our elders:

1. Increases the risk of mortality
2. Negatively affects physical and mental health
3. Increases the risk of elder abuse
4. Is a major risk factor in depression

**Our seniors are OUR RESPONSIBILITY!**

## TENANT RESIDENT ASSOCIATION

We provide leadership training to residents and community members to help facilitate planning of new community initiatives.

Your donations will help us provide expert development and facilitation of our leadership programs. Our residents deserve enhancing their skills.

**YOUR DONATIONS MATTER!**
